

tech ops

your < tech / design > partner

Let's Grow Together!

We are partners to drive value and profit.
We help clients to improve lives.

About Tech Ops

We believe about technologies that improve
lives.

We are a one-stop shop for IT, Software and
Design projects!

We treat our clients as business partners and
our mission is to **grow together.**

Our Promise

Partnership that will propel your business together

Collaboration for long-term relationships

Confidence to the quality of work and best value

Innovation and flexibility to achieve simplification

Why us?

**Strong
Experience**

**Flexible
Agility**

**Collaborative
Communication**

**Quicker
Delivery**

**Multi-Talented
People**

**Reliable
Knowledge**

**Full-Valued
Quality**

**Detailed
Results**

What We Do Best

Design and Development

Apply creativity through innovation using the most modern technologies available.

Build solutions that are best fit for customers ideal user experience

Project Management

Execute realistic approaches to manage tasks and deliverables that are non-disruptive. Finish projects with a win-win attitude.

- Consulting, Implementation and Training Work

Business Strategy

Plan decisions through design thinking and empathy. Find ways how to simplify processes with a collaborative approach to achieve the best benefit and value.

Our Solutions

What
We're
Good At

**Branding and
Creative Design**

**Digital Marketing
Transformation**

**Customer
Engagement Apps**

**Web Design and
Development**

**Business Software
Solutions**

**Data Analytics
and Visualization**

Ang Favorite Book Ni Jude

Synopsis:

'Ang Favorite Book ni Jude' is a one-act satirical play about a conquest on redeeming faith and family through an encounter with God. Jude represents the Filipino father whose faith is stirred up after facing intertwined struggles of catastrophe, marital issues, betrayal, and irremovable vices. In his humanist perspective, he questions and surrenders to the seemingly undefined worth of unending tragedies while waiting for God's answers.

Example Project Outline and Workflow

Our Process

Agile/Scrum Project Management

The framework that we use utilizes iterative and incremental practices, helping organizations deliver working software more frequently.

Project Background

- Project is to convert existing website to a modern, responsive and standards compliant site
- Last website re-design, 2012
- Flash-Based, static HTML pages

Design Proposal

- Convert to a CMS – Content Management System site, with full Dynamic Pages, and Unlimited Links Integration (Menu, and Sub-Pages)
- To Use WordPress, a modern CMS and Framework for Web Development
- Sample Development Site found in:
<http://dev-wecom-me.pantheon.site.io>

Project Workflow

- For each draft phase, Client will list down comments or changes.
 - Graphics, Photos, Videos or any other multimedia asset will be submitted or approved by WeCOM
 - Style Guide or Company Branding is out of scope, or to be provided by Client
- **1st Draft** - Submission of initial version of the site. Client can provide change request and comments about general layout, site structure, and design elements like font, typography and color scheme only. If no changes identified, will be considered as Release Candidate and final.
- **2nd Draft / Release Candidate** – Final version after changes applied from 1st Draft. Client may add minor changes in Text Content, Multimedia Attachments, and Menu Structure only.
- **3rd Draft / Final Revisions** – Last and final comments/change requests round from Client, 2-3 days after release and cut-over.

Project Timeline

ITEM:	OWNER	APPROX.
PROVISION OF COMPANY PROFILE, CONTENT, AND INFORMATION (SITE STRUCTURE/ CONTENT STRATEGY)	WECOM ME	-
DEVELOPMENT OF CUSTOM WECOME THEME (DESIGN IMPLEMENTATION)	Tech Ops PH	8 days
1ST DRAFT SUBMISSION	Tech Ops PH	n/a
1ST DRAFT VALIDATION	WECOM ME	2 days
- HOSTING ACCESS AND DATABASE UPLOAD	Tech Ops PH	2 days
(CUT-OVER AND TESTING) END	Tech Ops PH	2 days

Project Workflow

- **Pre-requisites:**

- WECOM to provide current hosting access (GoDaddy, BlueHost, etc)
- WECOM to provide current branding scheme
- Start of project after receipt of 50% payment
- Cut-Over and testing to be done after 50% balance payment

- **Exclusions:**

- Does not include web-hosting management, or backend-system integration,
- Can be offered as a separate engagement / project
